A Motion was made by Stan Israel and seconded by Lawrence E. Purtil to deny the Motion to Seal. After discussion, Attorney Jeffrey Kasle stated that the Department of Corrections has three (3) documents/exhibits that they want to keep under seal, and the evidentiary position is that once documents are presented to a Court or a Board as in this case, they become public documents where the presumption is that the interest to public access is high. Once there is that judicial access to documents that the Board or tribunal is going to use for purposes of deciding the case, you go into a balancing test. What is more appropriate, the public access or the confidentiality? The issue before the Board is whether or not the documents should be deemed confidential to a point where they are not a public document. the Employer expressly stated in its memorandum in support of its motion that "[t]he "criteria" is taken from the job posting which is available to all applicants." Since the job posting is a public document, how can the "criteria" be confidential? According to the Employer, the "criteria" are already known to all the applicants. Perhaps the value of each item might be a more protected category, but the "criteria" itself does not appear to be confidential as it is being made available through the job posting. In balancing the equities, Attorney Kasle does not see where these documents are confidential when the basis for the document is something that is public. Walter J. Lanni, Scott G. Duhamel, Harry F. Winthrop, Stan Israel and Lawrence E. Purtil voted in favor of the Motion. Aronda R. Kirby opposed the Motion. Motion passed.

A Motion was made by Lawrence E. Purtil to go into Closed Session for the purpose of review/voting on the Closed Minutes, Unfair Labor Practice Matters and reappointment of Board legal counsel, pursuant to R.I. Gen. VOTED: by all Board Members present to go into closed session and to seal the minutes.
